■ Print Plan

Print Plan is a rental service where the entire cost of printing - the equipment, the consumables and maintenance is directly related to the actual consumption levels.

By offering the latest Lexmark printers, without the capital outlay coupled with an end-to-end service from ADP, all printing and associated costs have been fully integrated. You pay for what you print with a single, easily budgeted payment.

■ Print Plan includes:

- Lexmark printers - as specified
- Delivery to site with installation and configuration
- Helpdesk support
- All consumables (excluding paper) delivered as required, based on the subscribed number of printer pages
- Hardware maintenance
- Equipment disposal at end of life (according to EC standards)

■ Print Plan Service

- Delivery to site within a specified timeframe of accepted order (subject to product)
- Next business day hardware repair - based on replacement of faulty parts or provision of a replacement unit
- Next business day consumables refills - based on monitored consumption levels
- Monthly usage reports (no. of pages printed) delivered by email or via extranet
- Monthly toner coverage report (average % of toner consumed per page) delivered by email or via extranet
- Extranet also enables customers to view page and toner usage on a daily basis.

■ Key benefits

- Predictable costs
- Single provider of all print products
- No need for expensive request for tenders/ordering
- No internal stock holding- toners supplied when required
- Minimised logistics & administration processes
- Take the strain off your staff

■ Lexmark printers provide 4 key areas of printing excellence:
